The book is full of exclusive photos, interviews, and behind-the-scenes stories. It's a must-read for any fan of BMTH, and it's also a fascinating look at the evolution of one of the most important bands in modern rock music.

The Early Years

Bring Me The Horizon were formed in 2004 by a group of friends who shared a love of heavy music. The band's early sound was heavily

influenced by metalcore bands like Killswitch Engage and As I Lay Dying. However, BMTH quickly developed their own unique sound, which incorporated elements of death metal, electronica, and even hip hop.

The band's first album, *Count Your Blessings*, was released in 2006. The album was a critical and commercial success, and it helped to establish BMTH as one of the leading lights of the new wave of British metal.

The Rise To Fame

BMTH's second album, *Suicide Season*, was released in 2008. The album was even more successful than their debut, and it helped to propel the band to international stardom. BMTH toured the world in support of the album, and they played to sold-out crowds everywhere they went.

In 2010, BMTH released their third album, *There Is A Hell Believe Me I've Seen It. There Is A Heaven Let's Keep It A Secret*. The album was a departure from the band's previous work, and it featured a more experimental sound. The album was met with mixed reviews from critics, but it was a commercial success, and it helped to solidify BMTH's status as one of the biggest bands in the world.

The Current Era

BMTH's most recent album, *Amo*, was released in 2019. The album is a return to the band's heavier roots, and it has been praised by critics and fans alike. BMTH are currently touring in support of the album, and they are playing to sold-out crowds around the world.

Bring Me The Horizon are one of the most important bands in modern rock music. Their music has inspired a generation of fans, and they have helped

to shape the sound of heavy music in the 21st century. Heavy Sounds From The Steel City is a must-read for any fan of BMTH, and it's also a fascinating look at the evolution of one of the most important bands in modern rock music.
