The story of Bofuri begins when Maple, a new player to the popular VRMMORPG NewWorld Online, decides to adopt a unique strategy: she will max out her defense stat and become virtually invincible. While this may seem like an unorthodox approach to the game, Maple's decision leads to a series of unexpected and hilarious events.

As Maple progresses through the game, she encounters a colorful cast of characters, including the enigmatic Sally, the skilled warrior Chrom, and the intelligent strategist Kasumi. Together, they face countless challenges and adventures, all while Maple's defense stat continues to grow.

One of the things that makes Bofuri so special is its protagonist, Maple. Unlike many other light novel protagonists, who are often overpowered or overly serious, Maple is a genuinely kind and compassionate person. She is always willing to help others, even if it means putting herself in danger. This makes her a truly relatable and lovable character.

Another thing that sets Bofuri apart is its humor. The series is filled with laugh-out-loud moments, as Maple's unique approach to the game often leads to unexpected and hilarious results. Whether she is accidentally destroying a boss monster with her overpowered defense stat or getting lost in the game world because she forgot to bring a map, Maple's adventures are sure to bring a smile to your face.
