

Have You Been Told You Need Knee Replacement Surgery But Fear the Irreversible?

The groundbreaking book that empowers you to make an informed decision about your knee health

If you've been told you need knee replacement surgery, you're not alone. Millions of people worldwide suffer from knee pain, and many are told that surgery is their only option. But what if there was another way? What if you could avoid the risks and complications of surgery and still get back to living an active, pain-free life?

In his groundbreaking book, *Have You Been Told You Need Knee Replacement Surgery But Fear the Irreversible?*, renowned knee specialist Dr. David T. Felson explores the latest advances in non-surgical knee pain treatment. Drawing on years of research and clinical experience, Dr. Felson provides a comprehensive guide to help you understand your knee pain, evaluate your treatment options, and make the best decision for your health.
