Immerse Yourself in a Dystopian Future

Step into the year 2057, where humanity faces a ravaged Earth and struggles to survive in the aftermath of nuclear war. In this bleak and unforgiving landscape, survival is a constant battle against radiation, disease, and ruthless factions.

As you join the enigmatic group of explorers known as the Radiators, you'll embark on a perilous mission into the unknown. Your goal: to find a new home for humanity among the stars. But beware, the path ahead is fraught with danger and uncertainty.

A Thrilling Space Odyssey

'New Worlds: Radiation Game' transports you to the farthest reaches of space, where you'll encounter uncharted worlds, alien civilizations, and the

wonders and perils of the cosmos.

From the towering spires of New Alexandria to the desolate planet of Pandora, each location offers its own unique challenges and opportunities. Along the way, you'll navigate asteroid belts, face off against hostile aliens, and unravel ancient secrets that could change the fate of humanity.

Thought-Provoking Themes

Beyond its thrilling adventure, 'New Worlds: Radiation Game' explores profound themes that resonate with our modern world. The novel delves into questions of human nature, the power of technology, the limits of survival, and the resilience of the human spirit.

Through its vivid characters and gripping plot, Hosler challenges us to confront our own fears, biases, and the choices we make in the face of adversity. This is not just a sci-fi adventure; it's a mirror that reflects our own humanity.

Meet the Author

Ray Hosler is an award-winning author whose passion for space exploration and science fiction shines through in his writing. A former journalist and editor, he has a keen eye for detail and a deep understanding of the human condition.

Hosler's novels have been praised for their immersive worlds, thought-provoking themes, and unforgettable characters. 'New Worlds: Radiation Game' is his latest and most ambitious work, promising to captivate readers from start to finish.
