

North East Buses In The 1990s: A Journey Through Time

The 1990s was a time of great change for the bus industry in the North East of England. The deregulation of the industry in 1986 led to a period of intense competition, as new operators entered the market and established operators fought to retain their share of the market.

This period of change was also a time of great innovation, as operators introduced new types of buses and services to attract passengers. The result was a vibrant and diverse bus industry that offered a wide range of choices for passengers.

This book tells the story of the North East bus industry in the 1990s, through the eyes of those who worked in the industry at the time. It is a story of innovation, competition, and change, and it is a story that is still relevant today.

The book is divided into three parts. The first part provides an overview of the bus industry in the North East in the 1990s, including the key players and the challenges they faced. The second part of the book takes a closer look at the different types of buses and services that were introduced during this period, including double-decker buses, low-floor buses, and express services.

The third part of the book tells the stories of some of the people who worked in the bus industry in the 1990s. These stories provide a personal insight into the challenges and rewards of working in the industry, and they offer a unique perspective on the changes that took place during this period.

This book is a must-read for anyone who is interested in the history of the bus industry in the North East. It is a fascinating and informative account of a period of great change, and it is a story that is still relevant today.
