According to author [Author's Name], the reason for this struggle is simple: we're trying too hard to make fetch happen. We're caught in a cycle of efforting, which blocks the natural flow of abundance into our lives.

In her groundbreaking book, *Stop Trying To Make Fetch Happen*, [Author's Name] reveals the hidden obstacles that are keeping us from effortlessly attracting what we desire. She provides a revolutionary framework for

breaking free from the cycle of efforting and stepping into a state of effortless flow.

The Obstacles to Effortless Abundance

[Author's Name] identifies three primary obstacles that block our path to effortless abundance:

- **Resistance:** This is the subconscious belief that we are not worthy of abundance or that we don't deserve to have what we desire. Resistance can manifest in many ways, such as self-doubt, procrastination, and fear.
- **Control:** We often try to control every aspect of our lives, which creates tension and blocks the flow of abundance. When we try to control everything, we're essentially saying that we don't trust the universe to provide for us.
- **Judgment:** We judge ourselves and others harshly, which creates a negative emotional environment that repels abundance. When we judge ourselves, we're sending the message that we're not good enough. And when we judge others, we're closing ourselves off to the possibility of receiving abundance from them.

The Framework for Effortless Flow

[Author's Name] provides a step-by-step framework for breaking free from the cycle of efforting and stepping into a state of effortless flow. This framework includes:

1. **Surrender:** Letting go of the need to control and trusting that the universe will provide for you.

2. **Acceptance:** Accepting yourself and others unconditionally, without judgment.
3. **Allowance:** Allowing abundance to flow into your life without resistance.
4. **Gratitude:** Expressing gratitude for what you have, which creates a positive emotional environment that attracts more abundance.
