In his groundbreaking book, *The Electric Muse Revisited*, David Gibson takes us on a journey through the unseen world of music, revealing the hidden connections between sound, science, and spirituality.

Gibson argues that music is not simply a collection of notes and rhythms, but a living, breathing entity that has the power to transform our lives. He explores the scientific evidence for the healing power of music, and he shows how music can be used to connect with our spiritual selves.

The Electric Muse Revisited is a must-read for anyone who loves music, science, or spirituality. It is a book that will change the way you think about music forever.
