Subconscious signals are subtle cues that can be used to influence people's thoughts, feelings, and behaviors. They work by bypassing the conscious mind and going directly to the subconscious mind, which is responsible for our automatic behaviors.

In this book, you will learn how to use subconscious signals to train desired behaviors into anyone you want. You will discover:

- The science behind subconscious signals
- How to use subconscious signals to influence people's thoughts, feelings, and behaviors
- Real-world examples of how subconscious signals are used in everyday life
- How to use subconscious signals to train desired behaviors into children
- How to use subconscious signals to resolve conflicts
- How to use subconscious signals to improve communication
- And much more!

This book is a must-read for anyone who wants to learn how to use the power of subconscious signals to create the life they desire.
